Re: GreenSide @ WGV (Shoreline Repair)
Permit Determination No.: 21489-65
(Please reference the permit determination number/item number on all correspondence.)

Dear Ms. Cabanillas:

On April 27, 2021, the St. Johns River Water Management District (District) received your letter and plans, requesting a permit determination. The project involves implementing stormwater pond 320 side slope maintenance in accordance with the information and sketches submitted to the District on July 7, 2021.

Based on the information provided, this project does not exceed any permitting thresholds pursuant to Chapter 62-330.020(2), Florida Administrative Code (F.A.C.). Therefore, a District permit modification is not required. Please be aware that this determination only applies to the District and does not relieve you from the permitting requirements of other agencies.

Thank you for your cooperation with the permitting and compliance process. If you have any questions, please contact the District at (904) 448-7913 or by email at efrye@sjrwmd.com.

Sincerely,
